

## School District of Beloit

# COUNSELING CARE CENTER

The Counseling Care Center is pleased to announce that we are now able to offer confidential counseling services for all students from the school district of Beloit at our Student Health Center. Our school-based health center provides a convenient location for Beloit School District students to receive high quality mental health counseling services.

Children 14 years and under must be seen with a parent. Guardians of students in grades 9–12 will be able to sign consents to allow for their high school aged students to attend appointments during the school day after the students initial appointment.

Insurance, whether commercial insurance or Medicaid, will be billed for services. However, the Student Health and Wellness Center will not turn any student away based on insurance status or ability to pay.

### Counseling Services can help students dealing with issues relating to:

- Self-Esteem/Self-Understanding
- Sexual Identity and Gender Identity Concerns
- Bullying Concerns
- Self-Injurious Behavior
- Depression
- Anxiety and Panic
- Social Fears
- Improving Social Skills
- Stress Management
- Anger Management
- Eating Issues
- Family Issues
- Conflicts with Others
- Substance Abuse Concerns
- Relationship Issues
- Trauma-Related Issues
